

Before Commissioning Tsebresos: What I Will and Will Not Draw

Revision 9/6/2017

I will draw:

- Any animal, human or monster
- Backgrounds, objects and environments (though they're not my strong suit.)
- Logos, designs, and commercial images (keep in mind you will have to pay extra to have the exclusive copyright on this art)
- Concepts, sketches and line art
- Traditional artwork that can be shipped to you for an extra fee
- Generally anything challenging, though keep in mind my execution may not be so great if I've never done it before.
- Basically anything PG rated

I will NOT draw:

- Illicit use of drugs or alcohol
- Extreme gore or grisliness
- Romantic art of any sort, including suggestive material. If the idea is there, it's a no.
- Any adult or fetish-related material, whether it's NSFW or not.
- Pictures which only contain copyrighted characters
- Ideologically sensitive material (i.e. if its intent is to offend or rile up a group or somebody)

If you have concerns or questions about these terms, please contact me. I'm always willing to clarify or talk out our differences.

Also, if you're unsure if your idea is doable, just ask and I'll let you know!
